## Culture & community

### Crouch End Picturehouse

165 Tottenham Lane,  
Haringey, N8

Converting a 1950's factory and 1960's office building into a five-screen Art House community cinema, this design retains the buildings' unique characters with accessible facilities and a semi-transparent feature façade.

#### **Built**

**Completion:** November 2015

**Client:** Picturehouse Cinemas Limited

**Architect:** Panter Hudspith Architects

## Culture & community

# East Dulwich Picturehouse & Café

116A Lordship Lane,  
Southwark, SE22

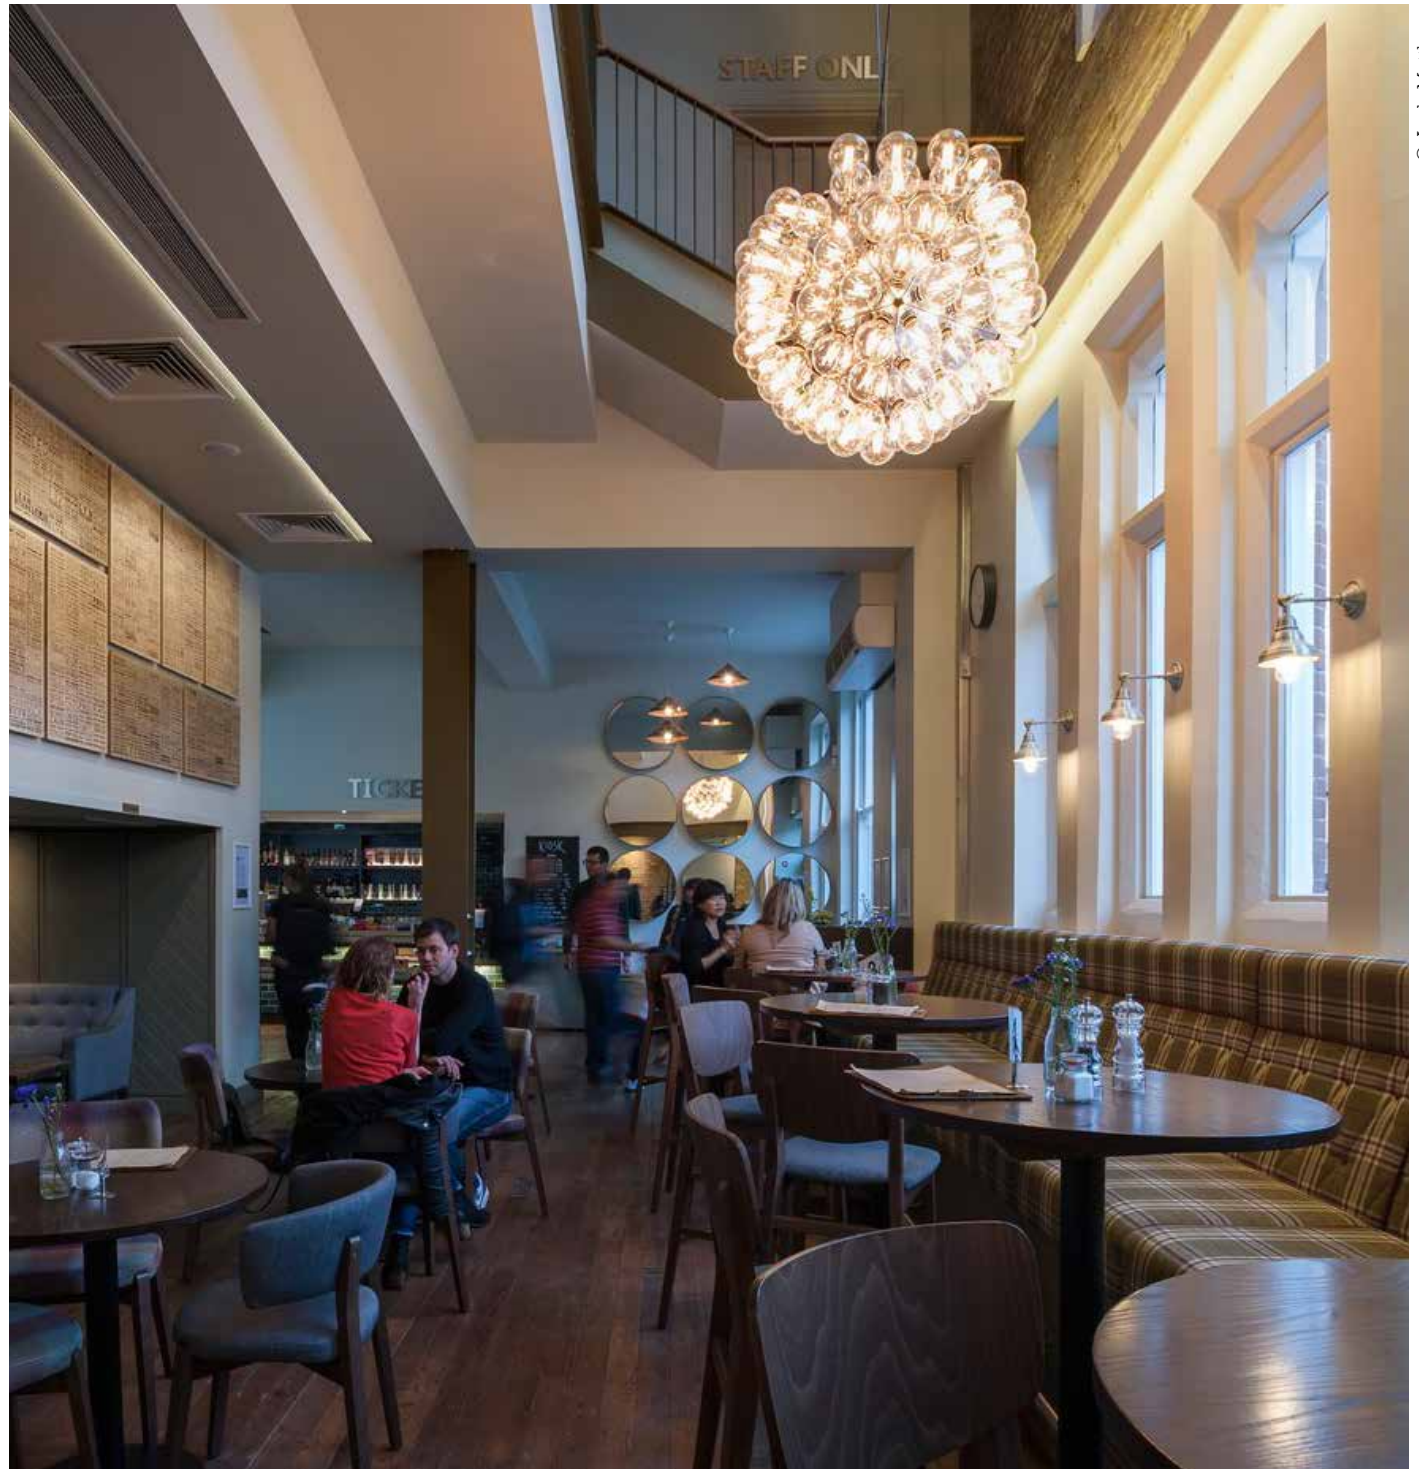

Transforming a Victorian church into a three-screen arts house community cinema, with café, bar and restaurant, conservatory and garden, this scheme has revealed original features whilst meeting strict acoustic requirements.

### **Built**

**Completion:** May 2015

**Client:** Picturehouse Cinemas Limited

**Architect:** Panter Hudspith Architects

## Culture & community

### Gagosian Gallery, Mayfair 20 Grosvenor Hill, City of Westminster, W1

Contributing to the rejuvenation of Grosvenor Hill, this scheme has transformed a 1960s office block into a highly accessible new gallery space featuring handmade Roman bricks exteriors and large vitrine windows.

#### **Built**

**Completion:** October 2015

**Client and Project Manager:** Grosvenor

**Architect:** TateHindle

**Interior Architect:** Caruso St John

**Landscape Architect:** BDP

**Structural Engineer, M&E and Sustainability**

**Engineer:** Ramboll

**CDM Co-ordinator:** WSP

**Lighting Design:** Arup

# The Library at Willesden Green

95 High Road, Brent, NW10

Updating a much-loved Victorian library with a connection to a new triangular-based building, this project provides a four-storey internal atrium with natural daylight and accommodates café, training, museum, arts and exhibition spaces.

### **Built**

**Completion:** September 2015

**Client:** LB Brent

**Architect:** Allford Hall Monaghan Morris

## Culture & community

# London Olympic Stadium Transformation

Newham, E20

Replacing the original roof with the largest single-span cable net stadium roof structure in the world, the project transforms the 2012 Olympic Stadium in a multi-functional, world-class facility for football, athletics and concerts.

### **Unbuilt**

**Status:** Under construction

**Completion:** May 2016

**Client:** E20 Stadium LLP

**Architect:** Populous

**Planning Consultant:** Savills

# Science Museum Research Centre

165 Queen's Gate,  
Kensington & Chelsea,  
SW7

Providing access for researchers, staff and lay people to a collection of over 500,000 items archived within the Wroughton Library, this new centre creates a welcoming study space, with filtered light and oak joinery.

### **Built**

**Completion:** November 2015

**Client:** Science Museum

**Architect:** Coffey Architects

**Project Manager:** Lendlease

## Culture & community

### Shaftesbury Theatre

210 Shaftesbury Avenue,  
Camden, WC2

Enabling this West End listed theatre to accommodate modern productions, this 35-tonne capacity flytower, plus offices and plant has created angular volumes that complement both the existing ornate terracotta façade and the adjoining building's faience.

#### **Built**

**Completion:** January 2016

**Client:** Shaftesbury Theatre

**Architect:** Bennetts Associates

**Project Manager / Cost Consultant:** GVA Acuity
